

About Red Fort

Red Fort is a historic fort in the city of Delhi in India. It was the main residence of the emperors of the Mughal dynasty for nearly 200 years, until 1856. It is located in the center of Delhi and houses a number of museums. In addition to accommodating the emperors and their households, it was the ceremonial and political center of the Mughal state and the setting for events critically impacting the region. Constructed in 1639 by the fifth Mughal Emperor Shah Jahan as the palace of his fortified capital Shahjahanabad, the Red Fort is named for its massive enclosing walls of red sandstone.

About Le-Meridien Hotel

Located in the heart of the city, the iconic glass building of Le-Meridien New Delhi has been recognised as one of the 100 Icons of Delhi. The hotel towers over the historic landscape of Lutyen's Delhi surrounded by the President Palace - Rashtrapati Bhawan, Parliament House, Ministries, Government Institutions and the notable landmark- India Gate. The main shopping hub Connaught place and the shoppers delight Janpath market, is within walking distance from the hotel.

4th India International DRI Summit 2018

August 13, 2018
 Le-Meridien Hotel, New Delhi

Organised by

Sponge Iron Manufacturers Association
 1501, Hemkunt Tower, 98 Nehru Place, New Delhi-110019(INDIA)

While the global steel production increased by 5.3% in 2017, India has shown one of the largest growth rate of 6.2% in the production and emerged third largest producer of steel in the world. World experts are unanimous in their opinion that India is going to be the next China in steel production and consumption growth rates. Taking into consideration of potential demand from infrastructure, housing & automobile sectors and also the present low per capita consumption, Government of India has set up an ambitious target of 300 million tonnes production capacity and 255 million tonnes crude steel production by 2030-31. National Steel Policy 2017 also envisages 80 million tonnes production/demand of DRI from the current level of about 24 million tonnes to achieve the targeted crude steel production. This provides unique opportunity for the growth of Indian DRI industry.

After the tremendous success of the 3rd India International DRI Summit which was participated by 175 delegates from India and abroad, Sponge Iron Manufacturers Association brings to you the 4th edition to be held on 13th August, 2018 at Hotel Le-Meridien, New Delhi. This Summit is likely to be attended by Union Ministers, Secretaries of the concerned Ministries of Government of India, captains of steel industry, experts, world renowned process and equipment technology suppliers and will also bring all stakeholders together on the SIMA platform to discuss the fast changing raw materials, technology, energy and environmental scenarios.

Objectives of the Summit :

- To bring all Indian and global stake holders on a common platform towards global sharing of knowledge and experiences.
- To lay down road map for growth of Indian Steel Industry linked with the growth of DRI industry.
- To explore economic viable alternate options of natural gas like coke oven gas, corex gas, syn gas etc.
- Prospects of adoption of emerging alternative coal based energy efficient and eco-friendly DRI technologies.
- Innovations in the existing coal based DRI production technologies to improve operating parameters.
- To explore cost effective raw material beneficiation/up-gradation technologies.
- To propagate globally innovations towards enhancing energy efficiency and reduction in environmental pollution in existing coal based technologies.
- To offer excellent networking opportunities with the miners, raw materials & technology and plant suppliers.

WHO SHOULD ATTEND ?

- ✘ Iron Ore Miners
- ✘ Iron Ore Pellet Producers & Suppliers
- ✘ Non Coking Coal Suppliers
- ✘ Steel Melting Scrap Suppliers
- ✘ DRI/HBI Producers
- ✘ Technology Providers (Beneficiation, Pelletizing, DRI etc.)
- ✘ Plant & Equipment Suppliers
- ✘ Raw Material Traders
- ✘ Engineering Consultants

SUMMIT SCHEDULE

- 09.00 hrs: Registration
- 10.00 hrs: Inaugural Session
- 11:00 hrs: Panel Discussion on Capacity Creation of Steel and Challenges
- 11.40 hrs: Break for Tea/Coffee
- 12:00 hrs: Global Metallic Scenario
- 13.00 hrs: Lunch Break
- 14.00 hrs: Technical Advances in DRI and DRI Based Steel Production
- 15.00 hrs: Break for Tea/Coffee
- 15.30 hrs: Innovation in Coal Based DRI Production
- 16.30 hrs: Panel Discussion on Challenges & Prospects of DRI and DRI Based Steel Production
- 18.00 hrs: Break
- 19.00 hrs: Networking Dinner
